Activity # 2

a.) The house is being demolished because the owner, Gerry Alberto claims Teodora was an illegitimate half-sister (Bastarda) so it lacks direct tie to Dr. Jose Rizal and it belongs to lineage of Alouzo-Alberto.

b.) We can transform it into living heritage exhibit where we can host local artists, historians for cultural events and workshops. I also suggest a "Heritage passport stamp" where they can collect stamps from certified heritage sites like a treasure hunt.

c.) No, a hero does not need noble lineage since Rizal's family has flaws too - what matters are one's actions and values. His grandchildren say we can become heroes by living with integrity and always say or stick to the truth.
